LinkedIn: <https://www.linkedin.com/in/sudeep-kudari>

Software Developer with **1+ years of experience** in JavaScript, React, Next.js, Java, MongoDB, and AWS, specializing in building full-stack applications and cloud-based solutions.

Employment History

Software Developer, ThinkRoman Ventures

Duration: [Feb 2024] — Present

Technologies Used: [Tech Stack: TypeScript, Next.js, MongoDB, Prisma, Redis, Java, Spring Boot, MySQL, Kafka, Aerospike, AWS (Lambda, EC2, S3), JUnit]

- As Full-Time Developer (June 2024 – Present):

- Built and deployed scalable full-stack applications using Next.js, MongoDB, and Prisma ORM for both B2B and B2C use cases. Optimized system performance and user experience.
- Designed modular SaaS architectures with multi-tenant and production-grade performance.
- Authentication flows using NextAuth, and Lucia Auth for secure and flexible user access.
- Integrated third-party APIs like WhatsApp, Zoom, and payment gateways (Razorpay, PayU, PayPal) for end-to-end feature delivery.
- Optimized performance across mobile and desktop platforms with server-side rendering, dynamic routing, and efficient data fetching.

- As Intern (Feb 2024 – June 2024):

- Contributed to development of internal tools and modules under mentorship.
- Gained hands-on experience with Prisma ORM and API integrations in production-ready applications.
- Participated in code reviews, daily stand-ups, and agile development processes.
- Wrote clean, reusable components and optimized UI responsiveness across devices.

Projects

Pharma CRM – Custom Sales Platform - <https://crm-pharma.vercel.app>

- Developed a CRM solution for managing pharmaceutical sales operations
- Implemented secure authentication with role-based access control for Sysadmin, Admin, and Associate users, along with audit logging for system-level actions.
- Added PWA support for mobile-first usage by on-field sales reps, with dynamic filtering.

Skills

JavaScript, Typescript, React, Next.js, Java, MongoDB, Kafka, MySQL, Redis, Git, Linux, S3, EC2, Lambda, PostgreSQL

Education

Bachelor of Technology in Information Science, New Horizon College of Engineering, Bangalore

(June 2019 — August 2023)
